NewAthena Community e-Newsletter

Issue #14

02 October 2025

Massive response to the Call for the A&A Special Issue: thanks!

We would like to thank all the researchers who have participated in the call for contributions to the Astronomy & Astrophysics Special Issue on NewAthena. We have received 195 proposals, showcasing the seminal impact of NewAthena on a wide variety of astrophysical topics.

Click [here](#) to check whether your proposal for the A&A Special Issue has been received.

Insert the email submitted with your proposal and you will receive an email of confirmation (via acoathena@gmail.com).

If you submitted an abstract but the message you receive cannot confirm it, please let us know at aco@ifca.unican.es

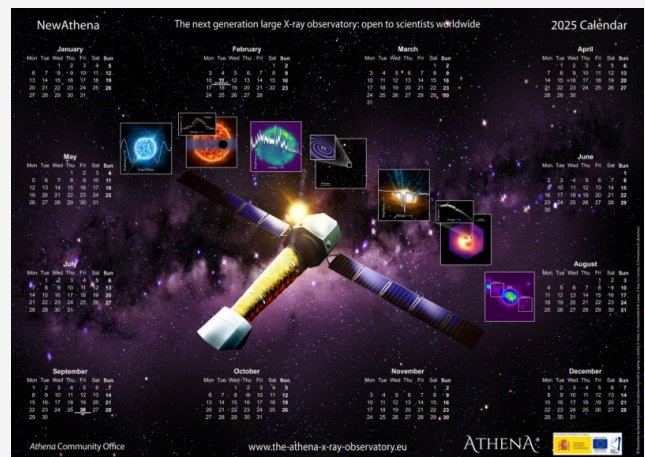

The **WFI** and **X-IFU** teams have released their **instrument resources** for the A&A special issue. These can be accessed via this link:

Remember: NewAthena 2026 calendar: community mosaic

The Athena Community Office annual calendar 2026 wants to recognize and highlight the essential role of the scientific and technical community in the successful development of our space mission. The community will become the central motive of the 2026 calendar design, for this reason, we will ask you to **send us your photos** via this link:

[NewAthena 2026 calendar: community mosaic](#)

By contributing your photo, you will become part of a collective mosaic showcasing the people whose work and dedication make this achievement possible.

You are receiving this email as you are a member of the *Athena* community.

Want to change how you receive these emails? Please [contact us](#) or update your email preferences [here](#).
