Issue #28 4 November 2026

NewAthena Science Conference

News about the NewAthena Science conference, to be held in Prague, 19-23 April 2027:

abstractsubmission **deadline**: **19 Nov 2026.**

Please, check carefully the instructions detailed on the **conference web page** before submitting your abstract as it implies an Indico pre-registration**.**

Check the list of **invited speakers** that is now ready!

Registration will open in early January

Next Webinar on 12 November 2026

On **12 November 2026**, we launch a new webinar with **Anna Ogorzalek**, NASA GSFC & University of Maryland, talking about "*Mapping the hidden drivers of galaxy evolution*".

In the ACO webpage for webinars you can find all the connection details.

Website gallery resources

Looking for visuals for your next talk, poster or lecture? Remember that the Athena Community Office gallery includes the new 2026 image of the NewAthena satellite, available in front and back views, together with a set of artistic compositions built from it.

- Mission gallery – the new satellite image (front and back views) and the updated NewAthena infographic
- Artistic views gallery – artistic views of NewAthena 2026 (front and back) and other compositions featuring the observatory

Images are free to use but when using these images, please include the credits indicated on each image page.

Browse the gallery and download the images for your next presentation.
